

Specialty

GlyMasque

Product Description:

A unique combination of glycolic acid and a mineral-rich, natural clay that purifies and invigorates the skin.

Skin Types:

Suitable for all skin types.

Benefits:

- Purifies, refines and invigorates the skin.
- Leaves skin feeling soft and supple.
- Useful as a spot remedy for blemishes.

AM/PM Directions:

Wash face with GlyDerm Gentle Face Cleanser. Shake tube vigorously and apply a generous amount (quarter-sized) to clean skin. Avoid eye area. Leave on 20-30 minutes and rinse well with tepid water. May spray masque with GlyMist to keep moist. May follow with hydrating or renewing products.

Featured Ingredients:

Glycolic Acid - Originally derived from the sugarcane plant, glycolic acid has proven anti-aging and exfoliating properties. Glycolic acid reduces corneocyte cohesion by dissolving the cellular cement that bonds skin cells together creating a thinner, more compact stratum corneum. It also promotes collagen deposition to improve firmness and boosts hyaluronic acid to increase moisture content. The result is softer, smoother skin that looks brighter and younger. GlyDerm is formulated with a proprietary form of esterified glycolic acid to minimize irritation without compromising effectiveness.

Bentonite - Mineral rich, natural clay that purifies and invigorates the skin.

Citrus Medica Limonum (Lemon) Fruit Extract - Clarifies the skin, has anti-inflammatory properties and is a natural source of Vitamin C.

Mineral Oil - Soothes and softens the skin, enhances epidermal barrier function and locks-in moisture to maintain hydration.

Complete Ingredient Listing:

Water, Bentonite, Glycerin, Glyceryl Ricinoleate, Glycolic Acid, Titanium Dioxide, Aluminum Chlorohydrate, Mineral Oil, Glyceryl Stearate, PEG-100 Stearate, Magnesium Aluminum Silicate, Alcohol, Allantoin, Propylene Glycol, Xanthan Gum, Diazolidinyl Urea, Methylparaben, Propylparaben, PEG-12 Glyceryl Distearate, *Citrus medica limonum* (Lemon) Fruit Extract.
