Face Solution 5/Face Solution Plus 10/Face Solution Plus 12

Product Description:

A progressive range of exfoliating solutions for oily or acne prone skin available in three strengths. Nightly use reveals fresher, smoother skin.

Skin Types:

GlyDerm Face Solution 5 - Developed for oily/acne prone, non-sensitive skin types.

GlyDerm Face Solution Plus 10 - Developed for oily/acne prone, non-sensitive skin types. Recommended for patients who have successfully used the Face Solution 5.

GlyDerm Face Solution Plus 12 - Combination of glycolic and salicylic acids, and developed as a *next level* in the program for patients with oily/acne prone, non-sensitive skin who have successfully used the GlyDerm Face Solution Plus 10 products.

Benefits:

- Removes excess skin oils, dissolves blackheads and unclogs pores to reveal fresher, smoother skin.
- Minimizes pigmentation irregularities.
- Face Solution Plus 12 may be used for back acne.

PM Exfoliator Directions:

Apply to clean skin. Shake bottle well and spray Solution onto cotton ball or pledget. Apply sparingly. To ensure tolerance, leave first application on for two hours then wash off with GlyDerm Gentle Face Cleanser. Wait 24 hours. If no irritation occurs, patient may use the product as directed. For back acne: Spray directly onto back once a day or as needed. Allow to dry before dressing. Should excessive dryness or exfoliation occur, reduce application to enhance tolerance.

Note: If patients using Face Solution Plus 12 experience irritation, suggest alternating between Solution 10 and Solution 12 until desired results and comfort levels are achieved.

Featured Ingredients:

Glycolic Acid - Originally derived from the sugarcane plant, glycolic acid has proven anti-aging and exfoliating properties. Glycolic acid reduces corneocyte cohesion by dissolving the cellular cement that bonds skin cells together creating a thinner, more compact stratum corneum. It also promotes collagen deposition to improve firmness and boosts hyaluronic acid to increase moisture content. The result is softer, smoother skin that looks brighter and younger. GlyDerm is formulated with a proprietary form of esterified glycolic acid to minimize irritation without compromising effectiveness.

Citrus Medica Limonum (Lemon) Fruit Extract - Clarifies the skin, has anti-inflammatory properties and is a natural source of Vitamin C.

Salicylic Acid - Originally derived from the bark of white willow and wintergreen, this beta hydroxy acid has keratolytic and anti-inflammatory properties.

Complete Ingredient Listing:

Face Solution 5 - Isopropyl Alcohol, Water, Propylene Glycol, Glycolic Acid, Glycerin, Sodium Lauryl Sulfate, *Citrus medica limonum* (Lemon) Fruit Extract, Alcohol, Phenoxyethanol, Caprylyl Glycol, Ethylhexylglycerin, Hexylene Glycol.

Face Solution 10 - Isopropyl Alcohol, Water, Propylene Glycol, Glycolic Acid, Glycerin, Phenoxyethanol, Sodium Lauryl Sulfate, Caprylyl Glycol, Alcohol, Ethylhexylglycerin, Hexylene Glycol, *Citrus medica limonum* (Lemon) Fruit Extract.
